Food and our ethics.

We are incredibly conscious about where our produce is sourced from & how it's made from start to finish. A lot of thought & time has gone into our chosen suppliers. Below is just a snippet of our standards.

Meat*

You will find our beef is 100% Welsh born, bread & grass fed. The cattle never leave Wales, & are PGI compliant. Our beef is fully traceable with full Plate to gate information, & is reared to some of the highest welfare standards in the industry. High welfare standards are our standard!

We strive to buy everything we can from within Wales sometimes in order to find what we consider the best quality paired with the best welfare we have looked further afield. All our Devonshire duck is afforded the highest welfare standards (including 4 Square meters of space per bird) they are free roaming able to bath and clean their feathers just as they should be able to in nature. Our supplier Creedy Carver is widely regarded by top chefs & industry to be the best in the UK,

Waste*

We send zero waste to land fill. 100% of our waste is processed & what can't be recycled is used as fuel in energy from waste plants.

**Please note occasionally due to supply constraints it is possible we need to substitute products or services. Where we do so we will endeavour to ensure the substitute matches our ethics..*
