Food and our ethics.

We are incredibly conscious about where our produce is sourced from & how it's made from start to finish. A lot of thought & time has gone into our chosen suppliers. You will find our beef is 100% Welsh born, bread & grass .fed. The cattle never leave

Wales, is fully traceable with full plate to gate information and is reared to some of the highest welfare standards in the industry. We strive to buy everything we can from within Wales, sometimes in order to find what we consider the best quality paired with the best welfare we have looked further afield. We send zero waste to land fill. 100% of our waste is processed & what can't be recycled is used as fuel in energy from waste plants.

**Please note occasionally due to supply constraints it is possible we need to substitute products or services. Where we do so, we will endeavour to ensure the substitute matches our ethics.*
